## \*\*\* Description of the hotel \*\*\*

Welcome to the Château de Ruffiac. This old 15th century convent has been restaured throughout the centuries until finally being converted into a charming 19 room hotel twenty years ago.

On the ground level of the Château, there is a lounge with a view of the hilly countryside and the outdoor swimming pool. It has a direct access to the park. Directly accross from the lounge is the dining room nestled at the bottom of the village church. This stone dining room has a magnificent carved wood mantle piece and stone fireplace.

### **The Garden :**

The hotel has a big park with beautiful flower beds, a variety of trees and a garden patio with tables and chairs. On one side of the park, we can admire the village church and on the other side, we can enjoy the view of the forest and hills.

## The Rooms :

All the rooms are personalized and offer comfort and tranquility. The classic rooms are located in the Bretagne section and they all face the Château's courtyard. All the rooms, warmly decorated, either face the courtyard, the park with its swimming pool, or the church whose bells ring at noon and seven p.m for the great pleasure of the Château's residents. The stone walls provide an ideal temperature all year round.

The hotel has 18 rooms equipped with minibar, television, blow dryer:

8 double rooms in the Château

7 double rooms in the Bretagne section one of which is equipped for a person with physical disability

3 individual rooms in the Bretagne section
